Vir illustris,

Fungorum rariorum icones ad Te transmittere praeterita hieme mihi contigit. Partim earumdem rite al-
legandum ergo illas acri incivas, uti in litteris ad
Te misit humanissime petui, optassem, partim ut
observationes accuratius repeterem, tractationem, descrip-
tiones sistentem, illo tempore retinui. Jam hancce,
quin Tibi mitterem, non defuissem, si mihi persua-
sum habere possem, Te meam epistolam una
cum figuris in tempore accepisse, nec ne. Quodri-
gius serio esset, ut tractatus adhuc Tomo tertio Com-
mentariorum Societatis linnaeanae inoneratus, hoc in
casu ut Icones remittas, opto.

Primam Observationum mycologicarum partem
Secum hic communicare in honore mihi est, et
in votis habeo, ut eae tali modo a Te accipiantur

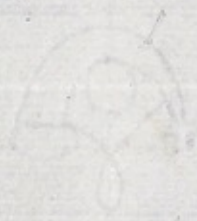

2
quali Dispositioni methodicae fungorum, uti me bene-
vole fecisti certiore, contigerat.

Aliud quid petere adhuc audeo, quod ardenti Bota-
nices solidioris studio concedas velim, ut nimirum plan-
tarum desiderandamm, quae in saecula adjecta recen-
sitae sunt, nonnullas mihi impertias. Quod si hinc ex
terris alia vegetabilia, imprimis cryptogamica, perficere
velles, hoc mihi dicas quaeso.

Quod reliquum est, me tibi devotissimum ha-
beas. Vale mihiq; fave

Göttingae,
Die 20 Junii,
1796.
